

Prof. Mona Gamal El-Din Ibrahim – Dean of the School of Energy Resources, Environmental, and Chemical and Petrochemical Engineering (EECE) and the President of the Innerwheel Club, visited Borg El Arab University Hospital - Children's Oncology Center, on Thursday, February 2nd, 2023.

The visit aims to support pediatric oncology patients at the Children's Oncology Center at Borg El Arab University Hospital, where the hospital serves more than 1,500 new child annually.

At the end of the visit, the Orange trees have been planted and granted to the hospital to create a cheerful theme for the children.
